WHO AM I?

I am an enthusiastic, problem-solving, team-minded Data Off-road with an eager interest in the Data & AI sector. I have experience working in consulting for more than 7 years in the areas of Data Engineering and Artificial Intelligence. I am particularly interested in Cloud Architecting and Data Science. I am looking to progress at a fast pace in my career and my passion lies in learning about the latest technologies, taking on new challenges and meeting new people. **I invite you to click on my upper-right Portfolio link if you would like to know more in depth about me.**

Spanish - Native
English - CEFR level C1

EXPERIENCE

Dic 2023 – Present	Associate Professor Collaboration at the Master's Degree in Data Analysis and Disclosure from CEU San Pablo University.	CEU San Pablo University
Feb 2023 – Present	Senior Data Engineer Azure Synapse Analytics Microsoft Power BI Azure ML Studio AWS Lambda AWS Athena AWS Glue Databricks Google BigQuery Google Vertex AI Airflow Apache Spark Scala Python SQL	Bluetab, an IBM company
Sep 2021 – Feb 2023	Senior Data Engineer Data Engineering Machine Learning AWS Glue AWS StepFunctions Databricks PySpark Scala Apache Spark Python SQL	Accenture Europe
Jul 2017 – Sep 2020 intern until June 2018	Senior AI Engineer Deep Learning Rasa Platform Azure Kubernetes Microsoft LUIS Natural Language Processing (NLP) TensorFlow PyTorch Python Artificial Intelligence (AI) SQL	Accenture Spain

EDUCATION

2019 – 2021	MSc in Artificial Intelligence Exit year of the EIT Digital Double Master's Degree Data Science Programme. Final Project on the Multi-Sensor Data Fusion Based Models and its application in a Metallic Additive Manufacturing Process Monitoring. Average Grade: 17.491 /20	Université Paris-Saclay
2019 – 2021	MSc in Digital Innovation: Data Science Entry year of the EIT Digital Double Master's Degree Data Science Programme. Average Grade: 7.92 /10	Technical University of Madrid (UPM), Spain
2019 – 2021	Data Science (DSC) Programme My entry university was Technical University of Madrid (UPM) in Spain and my exit university University Paris-Saclay in France. My specialisation is in Natural Language Processing.	EIT Digital Master School
2014 – 2018	BSc in Software Engineering Final Project on the Mobile Crowdsensing Concept and its application in a Big Data service for a Smart City. Average Grade: 7 /10	Technical University of Madrid (UPM), Spain

EVENTS & HACKATHONS

2021	Hack Adult Vaccination - Ultrahack & MSD & HUS Our project aim was to make Finnish society aware of the importance of keeping their vaccinations in order. It consisted of a mobile application with which users had to interact with the totems they found around the city. Each interaction could meet three objectives: Attract, with discounts and promotions; Inform, with information; or Engage, with unique collectables.	Lisbon, Portugal
2020	'Healthy Lifestyle And Behavioural Change' EIT Digital Summer School 2020 Our project task was to come up with a digital intervention to trick an addictive brain that fits within the Green-habit game. Therefore, after analyzing the problem from different perspectives, we present a digital innovation based on a physical green ball.	Eindhoven, Holland
